GREEN BUILDING COUNCIL

The Home Builders Association of West Florida is proud to announce its newly formed Green Building Council. On Thursday, May 1, the Green Building Council held an introductory meeting at the Gulf Power Company. Over 75 HBA members attended this meeting. The purpose of this meeting was to give HBA members a glance at what the Green Building Council can offer to them as well as to the community. The Green Building Council can help educate and inform you on Green Building issues, topics, products, current industry news, help designate you as a green professional in the Pensacola area, benefit your environment by making you more "Green" conscious, and open opportunities for you to excel in green related business opportunities. Do to the increase in public demand for Green Building, HBA members need to be prepared to meet that marketplace need. If you are interested in learning more about the Green Building Council, please contact Council Liaison Kelly Ross at 850-476-0318 or kelly@hbawf.com.

Front Row: K.M. Salem of Quality Engineering, Surveying, & Inspections, LLC, Andy Waltrip of Logical Choice Insulation*

GREEN TIP OF THE MONTH

If only 1 in 10 homes use ENERGY STAR qualified appliances, the change would be equal to planting 1.7 million new acres of trees. For more energy saving tips, visit www.savethewatts.com.

Drywall Supply

Great Price

Free Delivery

Great Service
